

# SIGHPC Education Chapter: What are we up to?

Scott Callaghan

Chair, SIGHPC Education Chapter  
University of Southern California

# Chapter Purpose

- Promoting interest in and knowledge of HPC and computational science, through HPC training, education, and outreach
- Building community for HPC educators
- Quick overview of recent activities

# New Biannual Award

- Outstanding Contribution to Computational Science Education
  - Honors innovative, impactful contributions to CSE
  - Thanks to SIGHPC for honorarium!
- Inaugural award presented to Dr. Robert Panoff, the founder and Executive Director of the Shodor Education Foundation
- Will be awarded at the Thursday awards ceremony (12:45-1:30, Dallas Ballroom/Omni Hotel)
- Consider nominating someone in 2024!

# 2022 Workshops

- Opportunities to rebuild the HPC education community
- 5<sup>th</sup> Workshop on Strategies for Enhancing HPC Education and Training (PEARC22)
- 9<sup>th</sup> SC Workshop on Best Practices for HPC Education (yesterday)

# Other Efforts

- Webinars on a variety of HPC education-related topics
- Working to curate a repository of HPC education and outreach resources
- Refreshed website, check it out: <http://sighpceducation.acm.org/>

# Upcoming Events

- Informal chapter meeting (today, 2-3 pm, A309-310)
- BoF: Another Step Toward a Sustainable HPC Outreach Ecosystem (Thursday, 12:15-1:15, D171)
- Annual Chapter Meeting (online, December 8)
- Come join us! Excited to expand our community (and always looking for volunteers...)
